PROFESSIONAL SUMMARY

Creative and detail-oriented Womenswear Designer with over 3 years of experience in apparel design, garment construction and digital fashion innovation. Adept at translating trend research into commercially viable collections, ensuring brand alignment and storytelling. Skilled in Adobe Illustrator, CLO 3D and garment technology, with a strong understanding of wovens, knits, and sweaters. Experienced in collaborating with cross-functional teams to develop trend-driven, high-quality designs for global markets.

PROFESSIONAL EXPERIENCE

Digital Product Developer   **Emlavish - Manchester, United Kingdom**   **February 2025 - Present**

- Developed high-quality 3D product renders for use across digital platforms, including TikTok, website, and marketing materials.
- Collaborated with the 3D animator to create dynamic product presentations.
- Innovated digital showcasing of collections prior to physical sample production.
- Sourced textures, patterns, and trims, ensuring alignment with brand aesthetics.
- Researched and implemented AI tools to enhance product visualization and streamline processes.

Clo3D Artist (Freelance)   **Payppy.app - Pune, India (Remote)**   **October 2024 - January 2025**

- Created 3D garment simulations to streamline the production process and reduce physical samples.
- Developed trend-driven designs with an emphasis on fit, proportion, and textile innovation.
- Worked closely with suppliers to ensure scalability and production feasibility.

Fashion Designer   **Freelance, Pune**   **June 2022- September 2023**

- Directed design and sample development, ensuring high-quality execution.
- Assisted buying teams in achieving commercial viability while maintaining design integrity.
- Conducted trend research and material sourcing, ensuring alignment with seasonal concepts.
- Led garment fittings, making fit and construction adjustments as needed.

Junior Designer   **Landmark Group- Easybuy, Bangalore**   **March 2022- May 2022**

- Designed womenswear and menswear collections, focusing on knits and woven silhouettes.
- Created detailed CAD sketches, tech packs, and trend boards for seasonal launches.
- Assisted in fabric sourcing and trim selection, ensuring product quality and cost efficiency.

Fashion Designer Intern   **Design studio, Pune**   **September 2020 - December 2020**

- Researched and identified emerging trends, assisting in concept development.
- Developed technical sketches and digital presentations for collection launches.
